Department of the Interior,

Tulalip Indian Agency,
Tulalip, Washington,

The Honorable
The Commissioner of Indian Affairs,
Washington, D. C.

SIR:

I am in receipt of your circular letter of October 2, 1901, bearing reference "Accounts" and endorsement "J. K. B.", advising me that I have not forwarded the census for this Agency for the fiscal year ending June 30, 1901.

In reply thereto I would respectfully state that such census and its preparation appears to have been the duty of my predecessor; that it is a physical impossibility for me to prepare it now; that it is, at best, a difficult thing to do accurately among our Indians, who are coming and going all the time; and that an accurate census and statistical report are absolutely impossible without the expenditure of funds for the procurement of blanks and of reliable enumerators. A comparison and inspection of such reports for years will give prima facie evidence (I speak more particularly of the reports of this Agency) of the fact that they are compilations of very wild guessing -- a condition almost forced by circumstances and by lack of means and facilities for accurate work in that direction. I am loth to continue that practice of guessing, but if

I am informed that it is my duty to do so and that it is the wish of the Office that I do so, then I suppose that I can guess my guess as well as the next guesser.

I would suggest that our Indians are absent from the reservation (berry picking, salmon fishing, working in the canneries, etc.) just at the time when the census is supposed to be taken. A house to house canvass at that time will result in a large percentage of blanks being recorded. The only way in which to get an accurate census (and one should be gotten, I admit) is to place court funds at our disposition for that purpose. Tualup has no Indian employe capable of the work and no white employe available for the work. The work would require good blanks and good enumerators.

In conclusion, I would respectfully request to be furnished with a copy of the 1900 census of the five reservations of this Agency (I refer to the regular general census).

Very respectfully,

Charles W. Buchanan

Superintendent, etc.

The Honorable

The Commissioner of Indian Affairs,

Washington, D. C.

Sir:

I am transmitting herewith the statistical reports for each of the five reservations of this agency, same being sent to accompany annual report for the fiscal year ending June 30, 1901, (under the administration of the Honorable Howard Mill), which report has already been mailed you.

The statistics for Tulalip have been prepared under peculiar difficulties and during stress of work upon organization, etc. of the Tulalip Training School, but is the very best that could be done under the circumstances.

I am also sending, under separate cover, but by this mail, copies of the census of the Lummi, Stinomish, Port Madison and Mukle-shoot reservations of this agency. The Tulalip census, I find, was not taken by my predecessor and I have been unable to make good that neglect as yet, the reason for which have been given in the annual report hitherto submitted. The Tulalip census (as given in statistical report of Tulalip reservation) is therefore estimated.

Very respectfully,

Charles W. Buchanan

Superintendent, etc.
